Profile

Highly skilled and innovative web developer with a passion for creating dynamic and user-friendly websites. Seeking a challenging position in web development to leverage expertise in front-end and back-end technologies, as well as a strong understanding of UI/UX principles.

Experience

SENIOR WEB DEVELOPER, VITAL PHARMACEUTICALS, INC, WESTON, FLORIDA – 2020 - PRESENT

Lead development team, delegate tasks, and create new tickets to manage project workflow. Develop landing pages, marketing features, and improve front-end using PHP, Node.js, WordPress, JavaScript, jQuery, Bootstrap, CSS3, HTML5, and React. Integrate third-party software and implement best practices for efficient and scalable code. Provide support to other teams and assist new hires in onboarding processes. Work in a fast-paced environment, continuously handling multiple projects simultaneously.

EMAIL DEVELOPER, AARP, WASHINGTON, DC – AUG 2022 - NOV 2022

Developed email campaigns on Salesforce, building templates from scratch. Imported customer lists into Salesforce and created automation and metrics for effective email marketing. Ensured optimal performance through multiple email clients.

INTERACTIVE DESIGNER, CRYSTAL CRUISES, MIAMI, FLORIDA – 2018 - 2020

Developed a tool using Node.js, Cheerio, MongoDB, and Axios to streamline the creation of HTML block contents for Salesforce and HTML templates. Designed and developed emails (HTML files) for optimal performance across email clients. Performed weekly updates to the company website and collaborated with the deployment/testing team to ensure functionality.

TEACHING ASSISTANT, THE IDEA CENTER, MIAMI, FLORIDA – 2017 - 2018

Prepared and delivered lessons focused on HTML5, CSS3, JavaScript, jQuery, and Bootstrap. Conducted one-on-one and group review sessions to reinforce concepts. Assisted students in understanding and applying web development principles.

Education

CS50X Miami (Computer Science) – 2015-2017, Mastering of abstraction, algorithms, data structures, encapsulation, resource management, security, software engineering, and web development.
